

At Monday's Work Session, Borough Council accepted the resignation of Councilman Dave Firkser. Work and family obligations are making it so he feels he can't give his position the time and attention it and the residents deserve.

With this news there is an open vacancy on Council. Council is accepting **letters of interest** to fill this vacancy. All interested parties are asked to please complete this submission to info@chesterheights.org by 5pm January 14.

Interviews will be conducted at the January 24 work session. An appointment will be made that night. Please note the work session has been rescheduled from its original date of January 31.
